

On This Side Of The Sun

By Phat

HERE THIS WEEK—Jack Benny, still with us. He sat in the Palm Springs theater Monday night and every time actor Robert Benchley appeared, said: "Boy, he's good!" That's real praise. . . Eddie Cantor, Nora Martin, Cookie Fairchild, the Mad Russian, and all, broadcasting from The Plaza. The Chi Chi and the Dunes got a national plug. Cantor really put on a show and after the broadcast sang several of his old favorite numbers which got a tremendous hand. . . It was for Torney soldiers but civilians packed the house. Many soldiers had to stand. . . Anita Colby, original "Cover Girl" here for a rest and to delight the photographers. . . Shirley Temple is back at the Desert Inn. Jimmy Campbell is quite proud this week. He got in several tennis matches with the star.

DATES — Wrote most of this week's letters on Tuesday. I liked that 4-4-44 idea. Won't be another combination like that until May 5, 1955. Wonder if FDR will still be president. He just missed the previous similar combination, Mar. 3, 1933. Then presidents still were inaugurated on March 4. . . There were two like combinations in 1922 — Ground Hog Day and Washington's birthday and four in 1911. But November 11 didn't have a special meaning that year.

MUSIC — Comes a note this week I can't read but I hope it isn't an insult. Kurt Reinman of Cathedral City wrote it: "Sirvanse asegurala a 'Phat' que 'Besame Mucho' es como debiasi titular aquella cancion popular." Well, all right. That's final. . . "Speaking of old-timers, you've never mentioned 'Whispering,' which is my all-time No. 1 tune," pens a Villager. That one came out about the time of "Allah's Holiday" which was another good one. . . Entertainers in the Village say they get more requests for the old timers than the modern tunes. . . Of the latter, I think "Do Nothing 'Til You Hear From Me" should go high.

COMPLAINTS—"Palm Springs is a great place. I like its climate and other fine features, but maybe you folks should be told a few things that do not appeal to all visitors," writes one who signs himself simply "Visitor." "For instance, the way restaurants and lunch counters 'lather' food with mayonnaise. When you ask them to omit it, you get it anyway, plus a look of disdain from the waitress. Then, dogs are permitted to roam too freely and decorate the property of others. Third, bike riding on sidewalks and parking of bikes so that pedestrians cannot pass. Last, those tramps who heave bottles and refuse on the main streets should be pinched and fined. P. S. Why not have council pass a law prohibiting mayonnaise unless asked for?" He doesn't like mayonnaise.

GIFTS—Palm Springs received two gifts this week. Even in death, Alvah Hicks is continuing his efforts to make the desert bloom. Council was informed this week that the late pioneer builder and developer had left the city 100 shares of valuable water stock for use on parks, streets and other municipal betterments. . . Also from the estate of the late Marius de Brabant, a native of Belgium and a friend of some of the world's top citizens, came several of his paintings. De Brabant, who died in 1936, had a home here full of art treasures and when Suzanne Schombach, a sister, recently settled the estate here, the city was given some 30 of his paintings. The work of a colorful world figure, and an intimate friend of high officials around the world, the paintings have a rich background.

ODDS AND ENDS—A national textile tile association, wishing to help women with wartime sewing, hit upon the title of "A Bag of Tricks for Wartime Sewing" but in the advertising broadside they say in big type: "Teaching Old Bags New Tricks." A lot of women aren't going to like that. . . Over at Camp Haan they have the right idea. Gen. David McCoach, Jr., commander, has issued a ukase to cut out waste. "It does no good to loan the government \$18.75 for a war bond and then spend a like amount in a needless or extended long distance call," he said. . . Henry Weinberger, who single-handed sold more than the city's original quota in the last war loan drive, and Ernest Alschuler qualify as the Village's super-salesmen. In the Red Cross drive they called on 65 people and collected \$5424—that's \$83 per person. Remember when people used to think it enough to give the Red Cross a dollar?

Federal, State And County—All of 'em

With estimates of 1944 income and payments due April 15, and the state income tax due the same day, another reminder was issued taxpayers this week.

Second installment of property taxes must be paid before April 20, Miss V. M. Hyde, county tax collector, said.

Internal Revenue Agent to Be Here Wednesday, April 12

You haven't forgotten, have you, that if you're single and expect to make \$2700 or more this year, or married and anticipate an income of \$3500 or more, you have a date with Uncle Sam, come April 15?

Deny Tale Of Change At Torney

Rumors, current here for the past few days that Torney General Hospital was in the process of being turned back to its former owners and would re-appear in the local resort scene as Hotel El Mirador next season, were emphatically and vigorously denied Tuesday by Lt. Col. E. T. Thompson, public relations officer at Torney. "Rumors that this hospital is to be inactivated, returned to previous owners or taken over by another military organization are absolutely without foundation," Col. Thompson said. "There are no indications that the present status of this hospital will not be maintained indefinitely."

Two Boys, Girl Hurt in Crash Of Car, Truck

Two boys and a girl were injured and five others escaped with nothing more serious than a severe shaking up, when a coupe, crowded with seven youngsters of high school age, and a pickup truck collided on South Palm Canyon drive at 3:45 p. m. Tuesday.

The injured girl was Diana Robb, 17, of the Cahuilla hotel, who suffered cuts about the head and face and back bruises, and the boys who suffered in the crash were Jack Smalley, 17, injured ankle and Mickey Murphy, bruised and cut. Both boys are from North Hollywood.

AUTO, TRUCK CRASH

The crash occurred before the residence of William James Taylor, 1661 South Palm Canyon drive, as Mr. Taylor was coming out of his driveway. The coupe rammed into his pickup truck and both cars were badly damaged.

Smalley, owner and driver of the coupe, said that some girls on bicycles at the corner kept him from turning out as he feared he might hit them.

CALL FOR AMBULANCE

The injured girl was taken into the Taylor home where Mrs. Taylor put in a call for an ambulance and physician. Dr. I. W. Lynn and the city ambulance driven by Policeman Stephen Smith, responded. Dr. Lynn took Miss Robb and the two boys to his office where they were given aid.

Of the seven in the coupe, three of the boys were residents of North Hollywood and here on an Easter vacation from high school. They are camped along Tahquitz creek.

Palm Springs to Be Main Line Stop Say TWA Officials

Indications were today that Palm Springs will be placed on the main line of another transcontinental air line as three officials of the Transcontinental and Western Air, Inc., visited the Village early in the week and will return today for another conference with city officials and Walter Kofeldt, secretary of the Chamber of Commerce.

In town Monday to arrange for a traffic survey and reveal that TWA has applied for a permit to put the Village on its main line, were Clancy Dayhoff, assistant to the Western regional manager, Art Stewart, western traffic manager, and Ralph L. Butcher, district traffic manager.

Heralding one of the most important weddings of the season, a marriage license was issued yesterday in Riverside to Capt. John J. O'Hanlon and Thelma Elinor Rogers, daughter of Mr. and Mrs. Trav Rogers and popularly known as "Jimmy." The ceremony will be read Wednesday at the Catholic church.

City Will Disregard Bonelli Bid

No Delegation Will Go to Sacramento to Report Stand

Palm Springs will not send an official delegation to Sacramento to explain the council's attitude on additional liquor licenses here, Mayor F. V. Shannon said this week after press dispatches indicated an invitation to do so would be extended by the state board of equalization. At the same time, the city heard that it had won, then lost and then won again, in its latest protest against new liquor licenses but that it may ultimately lose.

OFF SALE PROTEST

New developments in the six-month battle by council to prevent additional liquor licenses arose out of the protest filed by the council against an off-sale license for the United Service Stores, Barney Ostrow and Arthur Wolfe, proprietors. In a three-hour hearing held here March 10 before state board examiners, the city presented its stand that the number of licenses here far exceeded the state board's ratio of one per 1,000 population.

Word came to the city last week that the city's protests had been denied on recommendation of the office of George Stout, liquor administrator and City Attorney Colegate at once filed a telegraphic protest. Then the decision was reversed and official word came Tuesday that the application had been denied.

NOT AT AN END

Then came the press dispatches which indicated William Bonelli would ask the city to send its mayor, city manager and chief of police to Sacramento to explain its stand on the 1 to 1,000 ratio. Mayor Shannon said the invitation, if extended, would be ignored.

In the same press dispatches it was indicated that Ostrow and Wolfe were informed they had 10 days in which to file a new application and the inference was that this would be granted unless Palm Springs officials appeared at a hearing in Sacramento to again protest.

Throngs to Greet Easter Dawn Here At Hillside Service

Palm Springs will celebrate Easter in customary style Sunday with several services at all churches and the annual Sunrise Service on the hillside back of the Desert Inn.

Plans for the latter service have been completed today by Dr. J. R. Macartney of the Community Church which sponsors the Easter Dawn greeting each year.

THROUGH TO ATTEND

Advance comments indicate that the service this year will be attended by the greatest throng in its long history. Villagers, winter residents and service men from local and surrounding military installations have signified their intention of being in the throng.

Gates to the Desert Inn grounds will be thrown open at 5:45 a. m., next Sunday and the pilgrimage to the hillside will be under way shortly thereafter. Worshipers are urged to be in their places at 6 a. m.

APPROPRIATE MUSIC

Appropriate music has been planned by Mrs. Holly Lash Visel, music director at the church. Mrs. Lois Lux will assist at the (Please Turn to Page 12)

RETIRE—Mr. and Mrs. Carl G. Lykken, pioneer Villagers who sold their business this week. (Paul Summers Photo.)

Pioneer Business Of Village Is Sold By Carl G. Lykken

Announcement was made Wednesday of the sale of one of the pioneer business establishments of Palm Springs—the Carl G. Lykken store, by Mr. and Mrs. Lykken, to Tom Holland and associates. The change in management will take effect April 15.

The Lykkens, originally from North Dakota, went to Old Mexico in 1910 and came to Palm Springs in the fall of 1913. They started the store in 1914 and have been in the business at the same location ever since.

FIRST IN VILLAGE

It was the first big store in the Village, although at that time, the line of merchandise carried was far from the many full-stocked departments of today.

In 1914, Lykkens was practically the hub of Village activity. The post office was in the store and Mr. Lykken was the Palm (Please Turn to Page 12)

Actual Work On Hospital Is Within Site

The Palm Springs Community Hospital was several steps nearer realization today as result of meetings this week and it is expected that next week, progress will have developed to a point where the plans will be in shape to give to an architect and the site committee deep serious and perhaps final consideration to the location of the institution.

At this week's meeting the executive committee consulted with two architects and the site committee surveyed several offers.

NEW OFFERS MADE

In addition to offers of sites and of money for the hospital, offers began to come in this week from Villagers and winter residents to furnish rooms in the structure.

Under guidance of President Culver Nichols the committees met this week to speed their work and will meet again next week when concrete action is expected in several important phases.

ACTION IS SPEEDED

Continued encouragement is being given the project and committees are pleased with the progress being made.

"It begins to look as if Palm Springs will have an adequate civilian hospital much sooner than expected," said President Nichols.

Captain Bursley Grateful For Aid

Council this week received a warm letter from Capt. Harry Bursley who was in charge of the recreation camp established at the Field Club during the winter for soldiers in the Village on leave.

Capt. Bursley thanked the city for the courtesies extended him during his term of duty in the Village.

Record Set At Meeting Of Chamber

Large Attendance Turns Out For Enthusiastic Rally

In one of the most enthusiastic Chamber of Commerce annual meetings on record, 134 members rallied Tuesday night at city council chambers to elect 10 new directors, hear reports of the past year's activities, an excellent address and to plan for the future.

President Carl G. Lykken presided, the Palm Springs high school orchestra, under direction of Miss Peggy Clarke, and Miss Alice Felland, vocalist, entertained. W. A. Sparking, district manager for the state chamber of commerce was the speaker of the evening. Walter Kofeldt, executive secretary, outlined brilliant plans for the postwar period and Fred Ingram, treasurer, presented the financial report, showing affairs of the Chamber to be in fine shape.

NEW DIRECTORS

New directors elected are: Joe Butler, Merrill Crockett, Frank Butler, John DeVine, Philip Delano, Gordon Feekings, Clarence Hyde, Dr. Frank A. Purcell, Herbert Samson and Eugene Theriault.

With the hold-over directors—Philip L. Boyd, John R. E. Chaffey, Earl Coffman, Francis F. Crocker, Culver Nichols, Cecil Isenagel, Harold J. Hicks Raymond Creed, Helen Peterson, Fred Ingram and Carl G. Lykken—they will constitute the board of the chamber for the coming year.

MUSIC BY HIGH SCHOOL

Prior to the opening of the meeting the orchestra played two selections after which President Lykken welcomed the gathering and read his annual report which high-lighted the work of the year—the campaign for the Tramway, cooperation with the city in recreational facilities for soldiers, post-war employment projects, war loan campaigns, war chest, publicity for Palm Springs, cooperation with the military establishments here in all phases, the answering of thousands of queries, "over the counter" at the Chamber office and by mail, and housing.

"Paid up memberships have increased by better than 100 and the present membership is 164," he said. "All in all, the year has been a successful one and we have every reason to believe that bigger things are ahead for the ensuing year."

GOING UP FAST

Secretary Kofeldt interpolated that since the report was written late that day, six more members had come in bring the list to 170.

Treasurer Ingram read the financial report showing a bank balance of \$1196.38, receipts during the year of \$7312.62, disbursements of \$6351.70. A supplementary report showed that on Jan. 18, this year, when Secretary Kofeldt was appointed, the balance was \$1196.38.

City Remembered Generously By Late Alvah Hicks

The City of Palm Springs was generously remembered in the last will of the late Alvah Hicks, Village pioneer and developer, and head of the Palm Springs Water company. City Attorney Roy Colegate informed councilmen Wednesday night that the pioneer builder had left a bequest of 100 shares of the Whitewater Mutual Water company to the city, according to information given him in a letter from C. W. McFarlane, estate attorney. Mayor Frank V. Shannon was authorized by council to extend the sincere and earnest thanks of the city to the estate.

Easter Vacation Proving Popular Time For Coast Residents to Come to Desert For Rest And Sunshine

Easter vacation is proving a popular time for Los Angeles and most coast city residents to get away for a week's retreat. Many have chosen Desert Inn for their holiday in the sunshine.

Mrs. Frank Powell with her daughter, Gloria, and Miss Jacquelyn Lang, all of Fremont place, Los Angeles, arrived here Friday evening, to stay through this Sunday.

Shirley Temple, that vivacious and lovable child star, is spending the week at Desert Inn with her parents, Mr. and Mrs. George Temple. Each spring for many seasons past Miss Temple has been coming to this popular resort, and her youthful enthusiasm coupled with friendliness has won the hearts of all who know her. She and her family always occupy one special cottage, which is known as the "Temple Cottage" on the grounds of Desert Inn.

ON ANNUAL TRIP

One large family from San Marino has chosen Easter week for their annual trip to the Inn. Among those in the group are Mrs. M. F. Kellow, Mrs. Clark Cornell, Miss Gloria McAteer, Mr. and Mrs. E. Coughlin and their small daughter, Mrs. A. Coughlin and Mrs. G. E. Clapp. The party will stay one week ending this Sunday.

Mrs. W. H. B. Kilner with Mrs. Carol Boland, Los Angeles, are registered at the Inn through April 10. Mrs. Robert New and Miss Mary Frances New have come from San Marino to visit until Monday.

DESERT AT ITS BEST

The desert truly is at its best this month and next with the profusion of colorful spring flowers forming a blanket on the warm, white sands. To enjoy the sight of this beautiful spring coloring, the Desert Inn guests are arising early each Friday morning to take a horseback ride across the lowlands to a beautiful spot where a sizzling hot and tasty breakfast is served.

Those who mounted horses or boarded the large Tally-ho for a jolly ride last Friday morning, were Mr. and Mrs. Fred F. Doyle, Miss Scribner Sweeney, Miss Adelaide Smithers, Mrs. Katherine Smithers, Miss Jeanne Bederman, Comdr. and Mrs. U. B. Bederman, Dr. H. B. Barker and his daughter; Richard Carter, Miss

Elizabeth Dunn, Miss A. Dunn and young Nancy Miller.

BUYS HOME HERE

Mrs. Glen Hoffman, of Chicago, who is stopping at Desert Inn, on her annual visit, purchased a home in Palm Springs last week. She expects next year to reside here for the entire season. On this trip Mrs. Hoffman will be at the Inn until Monday when she plans on returning to Chicago. She was a dinner hostess in De Anza room one recent evening. Her guests included Mr. and Mrs. Daniel Upp, Chicago; Mr. and Mrs. Harry Winston, Chicago; and Mrs. H. D. Kirkpatrick.

Mrs. Arch Wilson, a winter resident in Palm Springs from Youngstown, O., chose Desert Inn as the setting for her dinner party Saturday evening. Those sharing the fun with the hostess were Mr. and Mrs. James Rayen and their son, Jimmy, of Pittsburgh; and Mr. and Mrs. Ernest Wilson, Youngstown.

SPRING VACATIONS

Many are arriving at the Inn daily for short spring vacations and to spend leisurely hours in the desert sunshine. Mr. and Mrs. C. T. Payton, Los Angeles, have been here one week.

HERE FOR SUNSHINE

Dr. and Mrs. Louie Felger were here several days from Los Angeles. Mrs. Bowen Tufts of Arlington, Mass., spent a few days on the desert. She is in the west to visit her son, Sonny Tufts, a recent screen sensation who was graduated from Yale university a short time ago.

Hollywood Twinks Down Army Squad By Score of 16-2

Hollywood Stars of the Pacific Coast league came down to Palm Springs last Saturday from their Ontario training base and took on the Desert Center Army Air base baseball nine in a benefit game at the Field Club grounds, winning 16 to 2 from the army gang.

The proceeds from the game were scheduled to go to the Army Recreation fund but the crowd was a disappointing one, the civilians who paid being outnumbered more than 3 to 1 by soldiers who got in free.

GO RIGHT TO WORK

The Stars went to work right from the start and while Mishacek, Twink pitcher, was blanking the soldiers for seven innings with but four lone hits, manufacturing 11 runs in the same time.

Huffer who replaced him, allowed five hits and two runs in the final two innings.

Haefke, pitching for the air base, retired in the eighth when six hits scored 5 runs with only one down. Stewart, who replaced him was wild but more effective. He stopped the avalanche and let the Coast Leaguers down with no runs or hits in the final round.

HOW THEY SCORED

Sgt. Tex Salkeld, of Torney, brother of the San Diego Padre catcher, called balls and strikes, and Wood Glover, Palm Springs high coach umpired on the bases. Sgt. Rudy Buchanan of the 21st Ferrying Group, was master of ceremonies.

Fourteen softball teams will start play in two leagues in Palm Springs next week when the city league of five teams, an officers' and enlisted men's team from each of the two military posts here and the Lions club open the "Major" league season with a handsome trophy as prize and nine teams from the 21st Ferrying group headquarters here start competition in a minor league.

FOUR GAMES WEEKLY

Two games will be played each Tuesday and Thursday night in the city league and two each Wednesday and Friday in the 21st loop, the first starting at 7:30 and the second at 9. A triple round-robin will be played with the winner in each league being decided on a percentage basis.

Announcement of plans for the two leagues was made this week by R. H. Bennett, Field Club director and all games will be played on the Field club diamond which has been put into shape for the spring softball season.

TEAMS IN LEAGUES

In the Palm Springs league are the Torney Officers, Torney Enlisted Men, 21st Ferrying Group Officers, 21st Ferrying Group Enlisted Men and the Palm Springs Lions Club. Officers and Enlisted Men's teams from each base will oppose each other on opening night, Tuesday, April 11.

Teams in the Ferrying Group Intra-Post league are 72nd, 73rd, 459th squadrons, Quartermaster, 72nd Officers, 73rd Officers, HQ, Headquarters, and 459th Officers, 723 Band squadron.

Torney Enlisted Men's Alley Loop Is Tightening Up

The Dental Clinic squad in Torney General Hospital's Enlisted Men's bowling league, caught up one point on the league-leading Personnel team during the week and is now only two points out of first place. The race tightened this week as the Dentists downed the QSVL squad 3 to 1 to supplant them in second place while Personnel and the fourth place Military Police team split even 2 and 2.

Lead off man Risley for the Dental Clinic chalked up a 512 total and Pietrantonic scored a solid 493 for the winners.

Headquarters team drew out of a last place tie by sweeping their series with the First Sergeants' crew, 4-0, rolling up a 2490-pin total with Schwarweber's 530 and Streeter's 503 setting the pace for the victors.

Kermazin's 487 was high for Personnel and Gongola's 480 high for the M. P.'s in their draw game.

Well Known Writer Guest In Village

Kay Hosking, well known writer of humorous verse, whose work is often seen on the Post Script page of the Saturday Evening Post is spending a few days here as the guest of Winifred Parsons.

Miss Parsons has just returned from a week's business trip to the coast.

Bivaucked at the Field Club this week end will be a party of 40 Wacs from Camp Haan, in the Village on a weekend leave. They will be under direction of Wac Lt. Allen.

Hotel, The Oasis, Bought By Hotel Man From Alaska

Announcement was made this week that the Hotel, The Oasis, well known and popular Palm Springs hostelry, had been sold to Dewey W. Metzendorf of Anchorage, Alaska, who plans to restore the hotel to its former status of "a Palm Springs winter home for a select clientele."

Mr. Metzendorf has been in charge of hotels for the Alaska railroad, U. S. department of interior, for 24 years. He is a lieutenant commander in the U. S. navy but was "loaned" back to the department of the interior to superintend hotels and commissaries there when the army and navy began to concentrate in Alaska.

THOMPSON REMAINS

George A. Thompson, a hotel man of wide experience, who came here to assume management of The Oasis when it was purchased last fall by Mrs. Dudley Alberts and her son, J. H. Alberts of the Alberts Hotel chain, has purchased an interest in the hotel and will remain as manager under the new regime.

The bar and cocktail lounge have been discontinued and the old adobe, said to be the first building in the Village, which housed the lounge, will revert to its former status of private dining room.

SERVICE IS FIRST

The new ownership will concentrate on the dining room and on service to its guests many of whom have made The Oasis their winter home in Palm Springs for years. Mr. Metzendorf, the new owner, has been coming to The Oasis for several seasons. He plans to spend his winters here, his summers in Alaska. As soon as conditions permit, he plans to build several new cottages on the beautiful grounds.

The change in ownership will go into effect May 1.

Easter Time

(The following poem on Easter was written by Victoria Shirley Matloff, 11, pupil at Frances S. Stevens school.)

Hopping around very early, is a little Easter Bunny.
And the way he hops and skips around is very, very funny.
He leaves a lot of Easter eggs, red, and yellow and green,
But the little Easter Bunny, no one has ever seen.
You wake up Easter morning on a wonderful April day,
And you feel like hopping around the Easter Bunny way.
Sweetly his pale arms folded my neck in a weak embrace,
As the light of immortal beauty silently covered his face.

Mrs. O. W. Schussler of New York City, a well known artist, is the house guest of the Levering Moores of Rancho Mirage.

EASTER SERVICES

Sunday Masses — 7, 9, and 11 A. M.
HIGH MASS — 11 A. M.
Novena of Our Lady of Sorrow—
Friday, 7:30 P. M.

We hope that those to whom this notice comes, will join us in our supplications to our dear Lord for our boys who have given their all to their country and that God may protect those who are with us.

EASTER

Easter is the feast of the Resurrection. Easter means the feast of April, the spring month. St. Bede tells us the old English Saxons used to call this month Easter after one of their goddesses.

On Easter, Jesus Christ our Lord and Redeemer rose from the tomb, a glorious Victor over sin and death. The Resurrection was heralded by prophets and by Christ. It was witnessed by the Apostles. It was perpetually commemorated and preached to us by the Church in the liturgical feast of Easter. It is the continuation of the Jewish Pasch.

The feast of Easter gains a stronger significance from its connection with the feast of the Passover which was its type and which it fulfilled.

The dream of Redemption is strikingly represented in the liturgy of Holy Week, the great festival really commences in the liturgy of Holy Saturday.

In early times the Mass of this day was celebrated in the night preceding Easter Sunday, and for a thousand years it was not customary to offer the Holy Sacrifice on Saturday, during which the lifeless body of Jesus lay in the tomb.

This is a time fruitful in graces and the Church uses the words of the prophet, Ezekiel, to rouse us to appreciation and gratitude — "I saw water flowing from the right side of the temple. Alleluia; and all to whom that water came were saved, Alleluia."

The Vicar, Warden and Vestrymen of St. Paul's in the Desert bid all members an affectionate welcome on this Day of the Risen Lord; and to all pilgrims from near and far. "Christ is risen: He is risen indeed!"

The Victory

"O DEATH WHERE IS THY STING"

Comes Easter Morn: the earthquake, the open tomb, the Heavenly messenger, the confident announcement "He is not here, He is risen, why seek ye the living among the dead?"

The risen Christ appears, talks with His disciples, and comforts them together with the other men and women who believe in Him and who love Him.

Soon His followers understand, and as they do they set ringing down the ages the victors defiant cry "O death, where is thy sting? O grave, where is thy victory." Thanks be to God who giveth us the victory through our Lord Jesus Christ.

There has been one man whom death could not hold; the power of death has been broken by one man. The earth could not keep within the tomb the precious body of the man from Heaven. The power of death snapped when meeting the greater power of His eternal and divine life.

Christ did conquer death and because He lives we too shall live. Hallelujah.

Tell it to the boys at the front. Tell it to the anxious and the bereaved at home. In Christ there is assurance for all concerning the life that is to come.

Easter Dedication

Easter is a summons to one and all to dedicate themselves to the higher life—to put greater emphasis on the moral and spiritual in our lovely little village.

The Churches stand as a bulwark against those forces which seek to commercialize, to lower the moral atmosphere, to imperil the youth of our community, to capitalize upon the weakness of human nature, by making beautiful Palm Springs another Cony Island.

When we think what they face over yonder every day—to keep us safe, it seems little enough for us to do to build a finer, safer, place to live; a winter resort known throughout the nation because of its high moral tone; a place where those of our boys who return may find an atmosphere filled with the spirit of tolerance, idealism, morality and religion.

Easter is the time to rededicate ourselves to whatever things are pure, lovely, honorable and of good report, and to emphasize those virtues and excellences which are found in the Risen Christ, whom we all love and seek to serve.

Sunrise Celebration

DESERT INN HILLSIDE

Easter Hillside Service this year gives promise of surpassing any previous anniversary.

The first large Easter sunrise service was originated by Frank Miller and Jacob Riis in 1909 on the rocky top of Mount Rubidoux at Riverside. This year and last year the Riverside service has been cancelled.

Palm Springs' celebration ought to attract great numbers.

Outstanding features will be the musical numbers by the University of Redlands A Cappella choir, the Reading by Bill Hay, the solo numbers by Alvin Brubacher, the releasing of pigeons, the reconsecration of the large cross on the hillside by the Chapel Choir of Community Church, under the direction of Mrs. Holly Lash Visel and Mrs. Lois Lux, pianist.

The Easter message this year will be spoken by Dr. Macartney of the Community Church. Participating also will be Chaplain George C. Pearson and Chaplain R. J. Martin.

Pigeons Will Fly IN EARLY MORNING

Pigeons from many cities in Southern California are coming. Contacts have been sought with bird fanciers in Alhambra, Ontario, Monrovia, Santa Ana, Ventura, San Diego, San Bernardino, Los Angeles, Hollywood, Riverside, Santa Barbara, Pasadena and Redlands and Indio.

Acceptances have been received from a number of these.

The mysterious endowment of instinct which guides them in their return flight to their respective homes, is in keeping with the mystic power of Christ manifested in His Resurrection.

It is within the range of possibility that Palm Springs might become a focus for pigeon flights, and that the owners might make this Hillside Service each spring an outstanding event.

CHRISTIAN SCIENCE CHURCHES
"Are Sin, Disease, and Death Real?" will be the subject of the Sunday Lesson-Sermon in all branches of The Mother Church, The First Church of Christ, Scientist, in Boston. The Golden Text is from Psalms: "Bless the Lord, O my soul, and forget not all his benefits: who forgiveth all thine iniquities; who healeth all thine diseases; who redeemeth thy life from destruction."

In a Lesson-Sermon passage from I Kings it is related that the son of the widow of Zarephath "fell sick; and his sickness was so sore, that there was no breath left in him. And she said unto Elijah, What have I to do with thee, O thou man of God? art thou come unto me to call my son to remembrance, and to slay my son? And he said unto her, Give me thy son. And he took him out of her bosom, and carried him up into a loft, where he abode. . . . And the Lord heard the voice of Elijah; and the soul of the child came into him again, and he revived."
Mary Baker Eddy writes in "Science and Health with Key to the Scriptures": "If God heals not the sick, they are not healed, for no lesser power equals the infinite All-power; but God, Truth, Life, Love, does heal the sick through the prayer of the righteous."

Council Approves American Airline Pact With Village

Resolution approving a 11-page lease between the city and the American Air lines for service here was adopted by city council this week. The line has been operating into the local port since August 10 but because of the military emergency, has been serving military personnel only.

A similar lease with the Western Air lines will be made. Western Air plans a shuttle service here but because of the war, can serve No. 1 and 2 priorities only.

Fees Charged For Coin Machines In New Act Protested

It will be up to the new city council to set the license fees or tax charges for coin machines and juke boxes in Palm Springs.

When amendments to Ordinance 119 which change charges levied against coin machines or juke boxes were read at Wednesday night's council meeting Leonard J. Difani, former state senator from Riverside county, protested on behalf of his clients, owners of most of the machines in the Village, claiming the tax confiscatory.

Sol Ruskin, local attorney, appeared for other operators with a similar plea.

Mayor F. V. Shannon then said that in view of the city election which falls before the next meeting, the complexion of the council might be changed and said that it would be up to the new council to decide the fees.

New Nurses Aide Course Will Start Here On April 17

Making a quick come back from six grueling weeks of instructing Palm Springs first class of Volunteer Nurse's Aides, Mrs. Mildred Selinger agreed yesterday to take one more class before the close of the season in response to pleadings for more Nurse's Aides from the Red Cross and Torney Hospital. The new class will be limited to applicants who will be in Palm Springs during the summer and able to serve during that period. While the first bumper crop of V. N. A. numbered 25, the second group will be limited to 15.

The first class, which has completed its training, graduates at ceremonies held at Torney Hospital this Saturday evening. Certificates will be presented by Torney's commanding officer, Col. A. B. Jones. Of the original 25 who started the course, all but one has completed her training, which speaks more eloquently than any words for the patience and enthusiasm of their instructor, Mrs. Selinger.

Mrs. Elbert H. Brock, chairman of the Volunteer Nurse's Aide Committee of the local Red Cross Branch will be at the Red Cross Headquarters one hour each morning, Monday through Friday, of the coming week to register qualified applicants for the course.

Radio Programs to Explain April 15 Income Tax Form

Two radio programs bearing on the new income tax form which must be filed by April 15 were sanctioned by P. C. Risley, deputy collector in charge of the Riverside internal revenue office.

On Wednesday night, Risley explained who must and who need not file declarations of estimated tax. Next Wednesday night he will explain form 1040-ES, which must be used, step by step.

The forms must be filed by a week from tomorrow for all single persons earning over \$2700 annually and all married persons with incomes in excess of \$3500.

The jet propulsion plane, recently widely publicized, first came into prominence in 1941, when Italy announced details of an Italian plane of this kind.

Interest Growing In Plan to Revive Girl Scout Work

Fine response to the preliminary work of re-awakening interest in Girl Scouting in Palm Springs was reported Wednesday afternoon at the meeting of the Welfare and Friendly Aid Association held at the Health Center on East Amado Road. Mrs. Dorothy Smith, who has been secured to take charge of the Scout program, reported on the formation of groups. Leaders and other women interested plan to attend a series of Scout leaders instruction classes in the near future.

HEALTH EDUCATION

Dr. Warren Fox, Riverside County Health Officer, spoke informally to the group, stressing the need at this time for planning health education for the future, both for children and adults. The formation of a Foundation for Health Education or a Health Museum would be steps in such a program, he said.

He praised the Welfare association for the fine work being done here, especially in the recent purchase of a mobile X-ray unit.

REPORTS ON X-RAY

Mrs. Madge Holderman, Public Health Nurse, spoke of the coming X-ray survey to be made April 14 at the Health Center. At that time a mobile X-ray unit, recently purchased by the California Tuberculosis Association with funds realized from the sale of Christmas Seals, will be here. Anyone who is interested in having a chest X-ray taken is urged to make an appointment in advance with Mrs. Holderman, telephone 2202, as this service is completely free to the individual. Later in the month, April 29, Dr. F. M. Pottenger, noted chest expert, will conduct a clinic in Palm Springs on the basis of information secured through this X-ray survey.

OUTLINES AIMS

Secretary Kofeldt outlined the aims of the Chamber and declared that each of the 170 members was being asked to bring in one additional member.

Then, he declared, the Chamber would be in a position to establish a postwar fund for the Village, a fund of \$25,000 being the goal.

This would put Palm Springs in a position to maintain its speedy progress and to be prepared for the postwar era when competition in its principal field—that of a vacation land—would again be brisk.

EMPHASIZES UNITY

Mr. Sparling, state chamber official, stressed unity in his address, unity in communities to solve problems, unity from the community chamber on up to the national body, to solve national problems which affect all.

Commenting on Mr. Kofeldt's plan for a postwar fund, he cited the work of other California cities which had established such Chamber of Commerce funds to conduct surveys to enable intelligent planning for postwar work and needs.

He told of Chamber of Commerce activity in promoting a common goal for the good of communities and "what is good for the community is good for every business and individual in that community," he said.

Following his talk, President Lykken appointed William Veith, Carl Barkow and Charles Henderson as judges of the election and ballots were passed out.

During the counting of the ballots, the high school dance band entertained and Miss Felland sang. Maurice McClarg and Al Crossley provided instrumental solos and the entire band went into a jam session.

INTRODUCE OFFICERS

Col. Richard D. Morgan of the 21st Ferrying Group and Lt. Col. E. T. Thompson of Torney General Hospital, were introduced and various members were called upon for opinions.

Following the announcement of the results of the directorate election, President Lykken again thanked the members for the record-breaking turn-out and the meeting adjourned.

Water Hearing Again Continued As Complainant Seeks to Drop Case But Defendants Ask That Decision Be Made

Whether the Palm Springs Water company can be forced to extend its lines beyond certain territory prescribed for it by the railroad commission a few years ago, will be settled within a short time by the commission even if no demand for such extension is current, it was decided last week.

On February 17 the commission met here to hear a complaint of M. M. Pavny to force the water company to extend service to his holdings on Section 22. The water company demurred citing the railroad commission's 1941 ruling describing the area in which it could serve consumers and contending that to beyond these limits would jeopardize its supplies.

The hearing at that time was adjourned to March 30. On the latter date William Stava and Fred Van Heusen of the commission returned to the Village to resume the hearing. Representing the Water company were Harold

J. Hicks, John Holditch and Charles L. McFarlane. City Attorney Roy W. Colegate represented the city. Mr. Pavny was not present and the railway commission men declared that he had telephoned them that he had dropped his complaint.

Water company representatives protested and declared they wished the case to be settled once and for all on its merits to establish a precedent for similar cases in the future.

The commission took the protest under advisement.

No date was set for a further hearing.

Cathedral City

W. R. HILLERY

One of the chief milestones of the growth of any community is the time when a resident physician begins his practice. Well, Cathedral City has reached that state or condition of stability and Dr. Leon M. Wilbor announces his readiness to resume practice. Dr. and Mrs. Wilbor came here several months ago and soon purchased a fine desert home and entered into the life of the community. Dr. Wilbor had retired for a much needed rest which objective has been reached. We understand the doctor has a wealth of experience that should insure his immediate adoption by the community.

These notes were written on Thursday morning and I have just counted sixteen names of citizens who have registered to vote, all within the past month. I have at least three more to register today, maybe four, then registration ceases for the primary election and I shall take all affidavits on hand to Riverside. I shall continue to register voters from now on for the General Election.

Tom Marshall has his niche when he said that what America needed most was a good five-cent cigar and we that like that weed and could only indulge our desire so long as the nickel took care of it, will cheer Tom's famous saying but what I would like to see is a special locked cabinet in our expanding library in which special reports and communications of our Chamber of Commerce could be filed. What I would like now is a duplicate of a report made by a committee on flood conditions in Cathedral Canyon that was compiled at the request of the War Department. A duplicate of the report was handed in at the time of transmission of the report. Now the matter is under discussion as the projects if approved by the War Department would form part of the postwar activity in this area.

Mrs. Mary R. Yoder and daughter, Miss BY, are visiting here from their present home in Laguna Beach. The Yoders formerly lived here when Miss Yoder attended grade and later the Palm Springs' high school. Mrs. Yoder still has extensive holdings in our village. Miss Yoder is the guest of Palm Springs friends during the Easter holidays. One of the interesting bits of news we learned was that Miss Norma Rich, chum of Miss Yoder's and long time resident here, was recently married and now resides in San Diego.

Mr. and Mrs. C. M. Gepfert have returned from a visit with their son, Morgan and his family in Los Angeles. They were accompanied on the trip by Mrs. Nellie Heard, aunt of Marguerite Hillery.

Robert V. Hine, who is constructing the desert home mentioned last week, assures us his home is not a hospital. A rumor was out that the structure was intended for hospital purposes. Well, well, we can afford to be indulgent with our gossippers so long as they are not harsh or cruel and none of them are. And besides we would have to produce some jim-dandies that could equal the war stories.

We muffed reporting last week the recent art exhibit which was so successful that it should be posted as the first annual of local artists. The exhibit was arranged by James W. Wolseth and held in the Agnes Pelton Studio. Dur-

Historic Study Deeded to Village By Cornelia White

The study of the late George Welwood Murray, later the home of the late Dr. Florilla White and now the home of Cornelia White, one of the first buildings in the city, will be preserved as a historical landmark as result of action taken this week.

Miss White offered the old study to the city last month and this week, after consulting City Attorney Roy W. Colegate, city accepted a deed to the house which will be moved to the library site. Miss White has a lifetime tenancy in the house under terms of the agreement.

vote of thanks for "good work well done."

Francine Melrose, our director, has been our able leader and through her untiring efforts brought in new members and inspired the entire unit to its successful and enviable record.

The Cathedral City Woman's Club held its meeting at the Town Hall, Wednesday afternoon, April 5, 1944, which is the last meeting until the fall session which will open with a Club breakfast November 15, 1944, at the same place.

After the business session, Mrs. Abels gave a most interesting talk on her experiences in the Panama Canal Zone during her three trips there, being a very good friend of one of the engineers in charge. On her first trip in 1913 she was given the rare privilege of pressing the button which allowed the first boat to pass through the canal.

She also elaborated on the work of the government engineers in cleaning up the malaria infested districts until it was made one of the cleanest places she had ever lived in. Her description of the country and the great canal together with snapshots and the many experiences she told of while there, were certainly most interesting and educational.

Don't go haywire on speculation. I have solid investments and here are some of them: Three well-constructed, well-furnished cottages, good income, group \$6900, some terms. An excellent home or court site, 100 x 175, some terms, at \$1500.

Then next to Rancho Mirage I have 8 acres ranch building furnished, well, outbuildings. Should pay from the start. Less than \$12,000.

Woman's Club Annual Flower And Hobby Show Attracts Great Throng And Is Highly Successful Affair

BY MARTHA FORWARD

Design, color harmony, balance of line and contour, and relation of bowl to arrangement took precedence over "specimens" in the flower arrangements at the annual Flower and Hobby show on Monday afternoon at the Palm Springs Woman's clubhouse on Cahuilla Road.

Imagination, artistry and dynamic symmetry were obvious in the various exhibits, revealing an unusual sympathy in flower arrangement.

Mrs. Hettie Dudley, of the Joshua Tree Studio of Palm Springs, Mrs. Lea Cella, president of the Los Angeles Garden Club and in charge of flower arrangements for the Los Angeles Flower Shows, and Mrs. Benton Geiger chairman of the sixth district City Beautification Society under the auspices of the Woman's Auxiliary of the Los Angeles Chamber of Commerce, who gave interesting sidelights on the work they are doing in Los Angeles, were in a quandry over the awards, as they viewed the array of exhibits, as it seemed each one should have an especial award. After much deliberation they compromised for first, second, third and fourth awards and honorable mentions in this manner:

PRIZE WINNERS

Group 1 — Flower arrangement with figurine: Mrs. Armand Turronet, a symphonic color arrangement in soft browns and yellows with two little brown birds sitting beneath drooping sprays of the Bella Parons (shrimp plant) in a yellow pottery bowl on a brown teakwood base backed by a disc of iridescent gold; Mrs. Raymond R. Wilson, an appropriate Easter arrangement in a boat-shaped, blue pottery bowl in which floated a sea of white petunias from which seemed to ascend a blue robed madonna flanked with slender, white tapers; Mrs. Alvin Weingarten, a glass bowl of white stock and white phlox surrounding a figure in glistening white; Mrs. William B. Malouf, a square, glass vase filled with calla lilies and ba-huina (orchid tree) before which was seated a Chinese goddess, holding in her lap a ball of jade; Mrs. George S. McClure, a cream colored bowl of gerbera and agatheas.

Group 2 — Flower arrangement without figurine: Mrs. Ralph Clock, a long glass rectangle with calla lilies and clear, plastic cal-

las rising in crescendo to group about a tall taper, moulded into callas; Mrs. Naomi Fern Jones, green bowl of glass holding coral sprays of flowering quince; Mrs. William A. Lippman, a large yellow bowl of Talisman roses; Mrs. Archie V. Linkletter, a jade bowl on a teakwood stand holding an array of Magnolia Japonicus. Honorable mention going to one large yellow rose in a small yellow bowl.

FIGURINE CLASS

Group 3 — Weed arrangement with figurine: Mrs. Raymond R. Wilson, tiny rabbits of rose quartz hiding under a small desert shrub surrounded by minute desert flora in a low yellow bowl; Mrs. Alvin Weingarten, a modernistic composite of a sitting horse among desert weeds on a plate with design of a cowgirl roping — so it appeared—"sitting horse."

Group 4 — Weed arrangement without figurine: Mrs. John S. Jenkins, dried tawny specimens of date stems, century-plant pods and desert sprays in a small barrel whittled from a dried cactus; Mrs. King, a study in desert browns and grays, a perforated dried branch of cholla cactus, bleached sticks and dried bamboo leaves in a brown and white bowl; Mrs. Charles J. Burket, brown vase filled with purple everlasting plant.

Group 5 — Miniature arrangement: Mrs. Naomi Fern Jones, a flowered, Dresden slipper holding sweet violets surrounding buds of pink stock; Mrs. William A. Lippman, a diminutive carved black bowl with arrangement of tiny vermilion cactae among little twisted dead sticks; Mrs. King, miniature silver vase holding little white centurias; Mrs. Armand Turronet, small, tipped silver sphere, spilling pink sweet-peas.

FRUIT CLASS

Group 6 — Fruit and vegetable arrangement: Mrs. Armand Turronet, a riot of rhythmic yellows achieved with jonquils, lemons and bananas in a brass tray.

Group 7 — Petunia arrangement: Mrs. Carl Hammond, pink centered white petunias in small glass tubes entwined in a vine of crystal stems and leaves; Mrs. John C. Langtry, ruffled pink and white petunias in a gold-encrusted red glass epergne; Mrs. Gilbert W. Smith, the one digression from arrangement, a huge bowl of vari-colored "specimens" of enormous size and rich coloring. Honorable mention went to a study in black and white, a black bowl of snowy white single petunias, and to a bowl of pink ruffled petunias in a glass bowl placed on a mirror.

Mrs. Armand Turronet was awarded the Grand Sweepstakes Prize for her "Symphony in Browns and Golds," a crayon portrait sketch to be done by the artist, Mrs. William R. Deane, a member of the club.

HOBBIES SHOWN

Among the hobbies exhibited were: old silver, by Mrs. Carl Hammond, Mrs. Norman Clendenen, Mrs. Archie V. Linkletter and

Philip Boyd Back Briefly On Drive For Assembly Post

Palm Springs' bid for a seat in the Assembly in the person of resident Phil Boyd, paused in the Village Wednesday evening en route to Beaumont and Banning. The ex-mayor and local councilman, whose term expires on election day, April 11, is at present engaged in the most active and difficult political effort of his career. His campaign as a candidate for the Assembly has taken him from one end of Riverside County to the other and during his Wednesday visit here he was returning from Blythe where he had been meeting with leaders among farmers and labor groups of both Democratic and Republican parties.

Upon fulfilling his engagements in Beaumont and Banning, he will go on to Elsinore and Murietta.

According to all reports, Mr. Boyd is doing a good job of campaigning and developing active support from both political camps in the areas he has visited.

Miss Martha McCarn, daughter of Mrs. Louise McCarn, and Miss Barbara Knowles, daughter of Mrs. Raymond V. Knowles, left yesterday for Palo Alto where they will start their studies at Stanford University.

Two Fires Nipped By Department In Time to Halt Loss

Two fires—both of which were nipped just in time to avert serious loss—called out the department during the week.

A grass fire on Via Colusa Sunday damaged a fence and shrubbery but was stopped just before it reached adjacent buildings.

At 5:40 Tuesday the department answered a call to 1263 San Jacinto way where a blaze which started in a waste basket under the kitchen sink was just eating its way into the walls when the department arrived.

The loss in both fires was nominal.

Byron Stansfield of St. Claire, Mich., is also a guest at the Dant home. He was a prisoner of the Japanese in Manila until the recent call there of the refugee ship Gripsholm.

High School Wins Fourth In A Row In Softball Loop

It appears that the boys of the P.S.H.S. are invincible in softball. They have won their fourth consecutive game, the latest winning score being 5-0. These boys deserve a lot of credit for being out for practice every night, to make it possible for Palm Springs to have the right to say they have the best high school softball team in the East Riverside County League.

It has been predicted that neither Coachella or Banning can halt the mighty Indians' exceptional gains. They practically have the championship in the bag now.

The Indians have two more games scheduled for them this season. These are to be held at the Palm Springs Field Club—one with Coachella, April 13, the other, the final game of the season, with Banning, April 21.

AGAIN IN SPOTLIGHT

Frank Devers is again in the spotlight at P.S.H.S. He was the first player to pitch a no run, no hit game in the history of the high school. He struck out 16 out of 21 players and walked one. He was assisted by Joe Sandeffer, catcher.

The highlight of the game occurred when Joe Sandeffer hit a home run and brought in John Outcault, the latter making the most runs of any individual in Friday's game. This was the third home run of the year. The outstanding hit of the game was made when Garland Privitt hit a clean single through 1st and 2nd base on which he scored.

TO LETTER FUND

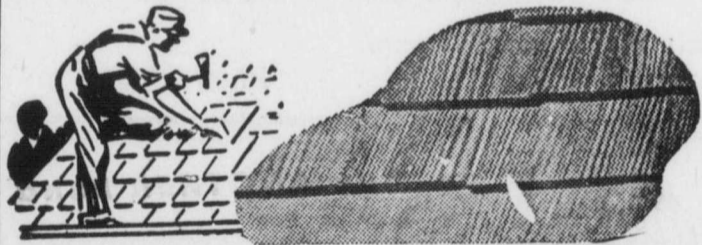

The Lettermen's Club of P.S.H.S. is receiving the "take" from these games. The Junior class also has its palm open and extended in the deal (don't they always?). They took over the refreshment concessions of the game, serving pop and hot dogs.

The three highest batting averages for the season are those of Frank Devers, .571; Garland Privitt, .333; and John Outcault, .312. The team's batting average is .263.

The starting lineup was: 1b—J. Outcault, 2b—W. Moore, 3b—M. Smith, ss—A. Jurado, lf—G. Smith, cf—Privitt, rf—Moseley, sf—B. Bell.

Portable Bleachers Purchased For Use At P.S.H.S. Field

When the whistle sounds for the first kick-off for the football season next fall under the Maroon and White, students may relax comfortably because they will know there are seats for all who want to see the local games.

The bleachers, providing 800-100 seats, were purchased from the Coachella Valley Union High School last week at a cost of \$225. This makes the unit cost to the district about \$25 per seat. The bleachers, knocked down, were delivered to the high school last Saturday.

Iron braces and bolts were made especially for these bleachers at Coachella. Although of light construction, the bleachers meet all safety requirements for portable equipment of this type.

The bleachers will be painted and set up during the summer vacation and will be ready for use for the first football game to be played here in the fall. They will be set up on a semi-permanent basis.

GAZZOZIT (By "CECIL")

As another week turns into history under the Maroon and White, let's look back on a weekend of cloudless skies and lots of fun.

Toni came back from Long Beach Friday night, wearing a strange ring on the third finger of her left hand. Yes, Toni has changed her name. She'll answer to Mrs. James A. Blackburn from now on. As of March 30. The best of luck to you and your new husband, Toni. We all wish you all the happiness in the world. And we'd like to know "Blackie" better.

If you were at the game Friday night it is needless to tell you that we won the game. This is for you poor souls without gas, tires or 25c.

All kiddin' aside, the team played a swell game, and we came out on the long end of a 5-0 score.

Our next game is with Coachella, here at the Field Club on April 13. Come on, let's see more of you fellas and gals out there. Bill Foster, USN, has gone back to Idaho. He was here for fifteen days, and had a swell time. Johnny Redding, USN, is in town, after nearly a year. Johnny has been across since last October.

Van Linkletter was here for a few hours Sunday. We haven't been seeing much of Van for quite a while.

On with the servicemen in town. Saw Bill Gilbert at the game Friday night.

Sophomore Class Presents Program of Laughs, Music

By BOB HOOVER

The day was Friday, March 31st. The time was 2:00 P. M. Everyone could sense anticipation in the air. People were on the edge of their chairs. There was a roll of drums, a trumpet blast, and the Sophomore assembly was on.

Miss Peggy Clarke, music instructor, worked with the band three and four periods a day to prepare for this assembly. It was a hot, grueling task but the finished product in the form of the two songs, "Take The A Train" and "No Love, No Nothing" received much applause and praise.

Gillar Boyd, Ralph Galzerano, John Klug and John Wilson worked for over a month to prepare their section in the program. "The Tokyo Broadcast," "Blackface Act," and Galzy's monologue were the polished results of many hours with pencil in hand and waste paper basket by their sides.

Leona Jenner and Barbara Dadds deserve praise for their class spirit. Leona's monologue was novel and amusing. Barbara's play, "The Bored Meeting," was said to be one of the most entertaining acts of the program. She made up all of the parts herself, which was hard work.

Mr. Henry S. Greeley, Sophomore class advisor said, "We all worked hard, and I am sure that the student body enjoyed the program."

The last in the series of class assemblies will be presented by the Freshmen on April 28. Mrs. Carmen Simms, Freshman class advisor, said today, "I can't say much about the program, but I can say this: Many upper classmen will see themselves as others see them." Mrs. Simms added, "I know that the program will be good, because the Freshmen are working so hard on it."

those well known weenie bakes Friday night after the game. Hear they had quite a time. Let them tell the rest.

Visiting in town this week on Easter vacation are more people than can be counted on fingers and toes. Audrey Collings from Redondo, and Shirley Morris, are staying at the Neels.

Carol Linde and Bea Borroughs are staying with Julia Martineau. Katie Roberts from Banning, was down over the weekend and stayed with Babs. She was seen around town with Don Omlin (who was also home) on Friday night.

Helene Hanbury brought home four house guests over the weekend from Flintridge. Helene was seen with Jerry Tracy. Diana Robb is entertaining five fellas from Hollywood high for the week. Ah! For spring vacations.

Jeanne Martineau was seen around town quite a bit. Hear she won't be going back to college. Must be the local sunshine.

Mary Yoder, who lives at Laguna, was also down. Saw her in the company of Kathryn Croft. Sandra Shearer from Seattle, who is attending Westlake School for girls, is here too.

The end to a lovely romance came this week when Betty Jo and Jim decided to call it quits. There goes another rumor.

Making up for the loss of this steady couple are Edith Taylor and Charles Vandagriff, who are reported to be that way about each other.

The quantity of out-of-town women made the manpower situation somewhat acute over the weekend when four of the local Casanovas gave up the haggard bags and went for those gals who don't have to cope with the things we have to.

Wandering around the theatres and the Sandwich Shop with these said beauties were: Gil, J. O., Hoover and Hobson. Great Scott! What is this town coming to???

Beaumont was well represented Sunday when numerous lettermen sweaters were walking around in shorts. Not the sweat-shirts, the girls in them.

Seen around town over the weekend: (with home folks) Bob Morrison and Mary Cornman, Gil Smith and Barbara Smith, (rather common name isn't it Gil?), Babs and Foster, and all those steady couples.

"I Dug A Ditch" Is Top Tune Now For P.S.H.S. Boys

By MAUREEN ROYBARK

"I dug a ditch, I dug a ditch," and planted trees at Palm Springs High. Thus sang boys at P.S.H.S. last week as they dug ditches for twenty trees, planted on the campus.

Twenty European Sycamores started taking root at P.S.H.S., March 29, in commemoration of a local Arbor Day. Arbor Day is a state holiday which originated in Nebraska and which is observed by Nebraskans on April 22. The date for local observance had to be moved forward, to conform to requirements of the Palm Springs climate. (President Roosevelt isn't the only one who can change holiday dates, apparently.)

The sycamores were planted on the south side of the football field, and along the front of the school gymnasium.

The ten-foot trees are now beginning to bud, suggesting that the branches soon will be covered with an abundance of green leaves.

For two days, high school boys spent their physical education periods pushing a shovel. Stripped to the waist, with foreheads beaded with sweat, the boys hummed happily as they thought of the protective shade the trees would provide against the broiling desert sun. "A brief rest under cool, green bedecked branches, after running the track or passing to and from the gyms, will mean a lot when the thermometer hits close to 100," counseled Coach Glover as he urged the boys to speed the digging.

The trees were obtained by the school from Mr. C. C. Neal and were planted under the supervision of Mr. George Bell, P.S.H.S. custodian.

May We Introduce

BY JO AND BOB

GIRL OF THE WEEK

The sunshine brought this patriotic Junior out of her cave long enough for me to corner her for 2 minutes to ask the usual questions in my sketch for the girl of the week.

She was born in Athens, Texas, some 19 years ago, which makes her birthdate November 30, 1926.

She has green eyes, copper blonde hair, and she stands five feet five inches tall. The scales say she weighs 112 pounds.

Spaghetti and meat balls are her favorite food and she always orders crushed pineapple malts when she is thirsty and hungry.

Her favorite class is journalism, as it should be because she holds the rank of Editor-In-Chief of the Smoke Signals.

She must be an adventuress, as she wants to travel all over the world, especially Ireland and France.

Her ambition is to join the Nurse Cadet Corps when she finishes school.

She is definitely a movie goer and intends to collect her half of the Palm Springs theater when she becomes 21.

Her favorite movie was "The Desert Song," and her favorite actor is Dennis Morgan (B-wang). Ingrid Bergman holds first place as the top actress with her. Harry James band really sends her, and "I Had the Craziest Dream," by James is her song.

Love life—none. She feels more at home on the tennis court playing tennisquits or in a swimming pool than when out with a boy.

She likes the great outdoors and—sure enough—her favorite color is green.

With people who snub others she is greatly disgusted. (Texas hospitality, no doubt.)

Violet Fletcher and Maryann Gorceter are her pals in school and out of school. She takes the credit for starting Harvey Gorceter on his poetic career.

Well, if you haven't guessed her name by now (she is new to our school, just came this year), we'll tell you. It's—Margaret "Tex" Walker.

BOY OF THE WEEK

Here I go again with another Junior boy, but as we always say, you Freshmen and Sophomores will all get your chance later. Yeah, much later!

This swell guy was born in a hick town (he said it was! I'm just taking his word for it) in Colorado. Walden, they call it. His birthdate was September 24,

rage will have lifted so the local gal and guys can be seen—and heard from.

Roller Rink Will Be Scene of Dance Tomorrow Night

Under auspices of the Recreation Commission a dance will be staged tomorrow night at the Roller Rink at the Field Club, Director R. H. Bennett announced today.

Music will be by the Torney Generals, a modern dance band. Forty Wacs, here on week-end leave from Camp Haan will be present at the dance.

weekend visitors and servicemen. Maybe by next weekend the bar-1927, at 5 A. M.

In 16 years he has grown to be quite a lad. He's 5 feet, 8 inches tall, has blonde hair and blue eyes.

He isn't in the least particular about his food. Just anything to fill him up, he says. But when it comes to women, well, that's a horse of a different color. He's known as one of those Cassanovas whose policy is love them and leave them. It's Glenn Miller's music for him, and he prefers "Rhapsody in Blue" to any other number.

He can be found jerking sodas at the local coffee shop on Saturdays and Sundays. When he isn't working, you'll see him around town with Colin, Fern and Delano.

He and Colin have decided to go to Oregon this summer and be lookouts in the Forestry Service.

It seems that everyone is looking for a date for the Prom and this young man is no exception. Remember girls, it's still Leap Year!!

When he first started school here he held two offices: Chief of Tribe and vice-president of the Junior class, but he moved to Long Beach for awhile. Then he got homesick and came back, but he lost his offices in the shuffle.

Don't you think it's about time to disclose his name? It's Harold (he'll shoot me for this) Everett Emigh—alias "J. B."

This year, this Company will pay total taxes of more than \$1,000,000.

Last year its total receipts from residential customers were \$1,407,862.82.

All the income from which taxes are paid, comes from customers. Therefore, the customers of this Company will pay a million dollars in hidden, or indirect taxes, during 1944, a substantial amount of which will be paid by home owners.

Every American home is burdened with an increasing number of taxes and many of them are indirect and hidden.

Every American citizen should be interested in the cost of government.

TORNEY GENERAL HOSPITAL EVENTS

News of the Enlisted Men of the Medical and Quartermaster Detachments at Torney Army General Hospital, Palm Springs
By Pfc. Robert D. Price

TORNEY NURSES MAKE NEWSREEL SHOTS

From coast to coast, the training program of Torney nurses will be viewed by theatre patrons. "Hearst Movietone News of the Day," sent their ace team of news men, Frank King (camera) and Carl D. Bjerre (sound), to Torney last Monday, March 27, to film action shots of the program as it is conducted on this post.

UNDER-WATER SHOTS

Under the supervision of Sgt. "Tex" Salkeld, swimming instructor, many shots of the functional swimming course were made in the Torney plunge. Salkeld put the nurses through their paces by having them inflate barracks bags and mattress covers to serve as emergency life preservers and buoys. A nurse carried in a litter supported by four barracks bags, and towed by swimming nurses, was one of the principal demonstrations put on for the camera.

UNDERGO ATTACK

Shots of members of the corps jumping into the water in swimming suits covered by full uniform were followed by pictures of two nurses going off the high spring board and disrobing in the water.

The underwater observatory of the Torney plunge was used to good advantage in this latter shot and because of this facility the film will be able to present some of the more technical aspects of the training program. That Torney's nurses are well prepared to take care of themselves in the water, and to care for injured and disabled in such an emergency, is graphically portrayed by this picture.

COAST GUARD BAND PLAYS

In the afternoon the group, headed by Captain Edna Traeger, Torney's Principal Chief Nurse, was transported to the attached numbered general hospital area to undergo a simulated gas attack for the camera's benefit. Lt. R. R. Forbes, Torney's Chief of the Military Training Branch, instructed the group in the use of the mask and then led them through the fog from four smoke bombs. With the unsettled and unpredictable winds of the day, a very realistic picture should result.

Lt. Richardson Returns to Texas After Aerial Tour

Lt. Morris F. Richardson, formerly principal of Palm Springs high school, is back at the navy's big base at Corpus Christi, Tex., after an air tour that took him from Texas to Florida, up the Atlantic coast to Washington, D. C., and thence down into Virginia.

Lt. Richardson made the tour via air to east coast naval bases to inspect educational facilities. He is in charge of educational work at Corpus Christi.

From Texas he went to Pensacola, thence to Jacksonville, Norfolk, Washington and then back into Virginia where he spent two weeks observing the work of the naval training school there.

He was gone from the Texas base for several weeks, according to word to friends here.

For more of their "solid stuff," Pvt. Melven M. Claus, accordionist with the band, was featured in several spots on the program and was given a big hand by the all GI audience. Sgt. Bill Ward MC'd the show and presented recordings during the program breaks.

Captain Ralph L. Hendrix, Section CO, Captain John B. Barr and WO John S. Stoughton were present during the evening and declared the affair to be a big success. Capt. Hendrix joined in with an impromptu "choral society" and helped render several of the old time favorites.

All in all it was an evening of fine refreshments and entertainment that had the morale raising effect that is so beneficial to GI's stationed on this post.

EDDIE CANTOR AND GANG

Patients and duty personnel were the guests of one of America's premier showmen last Wednesday evening when Eddie Cantor presented his regular network broadcast from the Palm Springs "Plaza" Theatre.

Dedicated to the men, and patients of Torney, the entire seating capacity of the house was turned over to be used by those of this installation.

Cantor's regular radio gang were on hand to present the show. Nora Martin, the new Cantor singing discovery; Bert Gordon, the Mad Russian, and Cookie Fairchild and orchestra, carried the supporting cast honors of the evening.

The show went on the NBC network at 6 p. m., Wednesday night.

CONGRATULATIONS

Congratulations are in order for Sgts. Charles Tuttle and John Farnham. Both Torney non coms are now wearing the stripes of a T/Sgt.

RECONDITIONING IS SUBJECT

Once more a department of Torney General Hospital has been singled out to receive recognition by the War Department. Torney's Chief of the Reconditioning Program, Major Donald B. Slocum, has just returned from Schick General Hospital, Clinton, Iowa, where he attended the meeting of Reconditioning consultants held March 21 and 22.

Torney was the only general hospital in the Ninth Service Command invited to send a representative. The purpose of the meeting was to acquaint Reconditioning Officers with the War Department's views on the program being carried out in all general and station hospitals under the jurisdiction of the Medical Corps. Torney scored another scoop by being the only hospital to present a visual outline of the program as it is being carried out at this station.

Garnet District Proud of Work In Red Cross Drive

The Garnet Valley district, comprising Desert Hot Springs, Garnet and Whitewater, is justly proud of its tremendous achievement in the Red Cross War Fund Drive just coming to a close, after a full month of varied activities. Final figures are not available at this writing, as money is still coming in, but it is determined that the total raised is more than \$800. Their quota was \$500.

A committee for Ways and Means, held at the trailer court hall in Desert Hot Springs the early part of March, attended by representatives from the above localities, made plans for two rummage and cooked food sales to be held at the same place on March 11th and 25th. Working crews composed of Robert H. McDonald, Captain, assisted by Lieutenants Mrs. Roy M. Ropp, Mrs. I. W. Moshier, C. C. Green, manager of the B-Bar-H ranch, Leo Boberick of Bridgehaven Cafe, Whitewater and Rollin Proebstel, of Rolly's Place, Garnet, were in charge of the outlying districts of Garnet and Whitewater. Desert Hot Springs, captained by Mrs. Kurt F. Neitzke, assisted by Mesdames Ray Dexter, Harold Ahrendt, Ethel Claxton, N. I. Moore and Mr. J. C. Bowman. Mrs. J. C. McGee was general chairman of the rummage and food sales, assisted by Mrs. Kurt Neitzke and Mrs. Robert H. McDonald.

NO ONE MISSED

Every individual in this whole district was visited by members of this hard-working team, who solicited cash donations and cooked food, clothing, and everything of saleable value, and they met with an overwhelming response. Garnet Valley residents knew the great need and gave accordingly.

The rummage and cooked food sales, together with bingo, palm readings by Mrs. John Calvin, raffling of a lovely painting, in charge of Mrs. C. B. Dodd, and which took place at the Idle Hour Cafe, brought a total of \$389.25. Unique methods of money-raising included donation and sale of a live goose and ducks, by Mrs. William Tarbutton, raffling of a crocheted table runner by Mrs. Grace L. Eastman, a charming group of hand-made sea-shell novelties by Mrs. A. W. Shroder and Mrs. R. H. McDonald brought a large variety of desert plants and tree cuttings for transplantation.

During the month, with Mrs. Viola Dinsmore as hostess at her lovely Blue Heaven Rancho at Desert Hot Springs, noted composer-pianist Clarence Gustin of Orange county and our highly gifted Mr. Harold Ahrendt, violinist, accompanied by his attractive and gifted wife, Mrs. Ahrendt, gave a musicale of classics, attended by about 56 persons, raising over \$60. Refreshments were served during the evening.

Mr. Mike Swan, 92-year-old resident of Desert Hot Springs, was the largest individual contributor of cash to the War Fund.

On Sunday, March 26, the lovely Garnet ranch home of Mrs. Allan H. Guthrie, general chair-

They Just Cannot Stay Away From Village, They Say

It's almost impossible to stay away from Palm Springs after having once lived here.

There's the Jack McKechnies. Mr. and Mrs. McKechnie have been spending a few days at La Mirada with Miss Winifred Hardy of Los Angeles as their guest.

The McKechnies, who recently sold their beautiful home in Tahquitz Estates and bought the Nick Harris home in the Montrose Hills, say that they cannot resist the lure of Palm Springs and its perfect climate and that it may bring them back again soon as residents of the Village.

Ladies of the local Red Cross group, which meets each Monday at the Trailer Court Hall in Desert Hot Springs, spent many an extra hour sewing on colorful aprons, which were sold at the rummage sale. Space does not permit mention of the loyal efforts of each individual taking part in this outstanding achievement, but all who were called upon responded nobly.

The Desert Hot Springs-Garnet Valley group desires to extend its sincere gratitude for the splendid job of publicity during the entire campaign done by the Desert Hot Springs newspaper, the Desert Sentinel.

MORE ABOUT . . .

Lykken's Store . . .

Springs postmaster. He also
handled the telegraph business of
the Village, telephoning any and
all messages to the railway de-
pot. It was a combination dry-
goods and grocery store and serv-
ed Palm Springs well.

OPEN ALL YEAR

Throughout the years, the Lyk-
kens adhered to a policy of doing
business the year around, a boon
to the handful who then remain-
ed here during the summers.

Mr. and Mrs. Lykken plan a
well-earned rest. They will con-
tinue to make their home in Palm
Springs, they said.

"One of the things we are go-
ing to miss most," said Mr. Lyk-
ken, "is the pleasant business as-
sociations we have had all of
these years with Villagers here.

VOICES APPRECIATION

"I want to say at this time I
cannot express my full apprecia-
tion for the splendid cooperation
and patronage of our many
friends, Villagers and winter
residents. We are going to miss
those pleasant contacts."

It is a strange coincidence that
Tom Holland, the purchaser,
started his business career in al-
most the same manner that Lyk-
ken did. He conducted a small
general store and was postmaster
at Sublet, Wyoming mining camp
near Kemmerer. It was in Kem-
merer that the J. C. Penney
stores started and after being
Penney's principal rival for many
years, Mr. Holland later became
associated with the Penney com-
pany, opening and managing two
of their big western stores, first
at San Jose and later, in 1931, in
Hollywood.

BUYS HOME HERE

In 1936, he started making regu-
lar visits to Palm Springs and
in May, last year, came here to
make his home. Shortly after ar-
riving here, he purchased a home
on El Portal where he and Mrs.
Holland now reside.

He is well known in the Village
for his work as chairman of the
War Chest drive and the Fourth
War Loan campaign both of
which went far over the top. He
is now chairman of the price
panel of the rationing board and
a member of the city planning
commission.

NO RADICAL CHANGES

Mr. Hollands says he plans no
radical changes in policy or per-
sonnel.

With his associates, he purchas-
ed the stock and fixtures of the
Lykken store and leased the
building from Mr. Lykken for a
ten year period.

Both parties in the transaction
were represented by Herbert
Samson.

DR. LINDSLEY F. KIMBALL

National USO
Official Visits
Palm Springs

Dr. Lindsley F. Kimball, ad-
ministrative vice-president of the
National USO, stopped off in
Palm Springs for a brief visit
with desert area representative
Harry T. Hall, and special ser-
vice officers of the army yester-
day (Thursday, April 6), before
continuing his tour of USO facili-
ties on the west coast.

Dr. Kimball represented Ches-
ter I. Bernard, USO president,
and was guided by Robert Wayne
Burns, associate regional execu-
tive of Region XII. Mrs. Eloise
Hirt and Miss Frances Dodds,
USO personnel of the former local
USO club, met with Dr. Kimball
and Mr. Hall. The eastern official
is interested primarily in viewing
at first hand the shifting desert
scene and the adaptability of
USO operations to it.

Prior to his affiliation with the
USO, Dr. Kimball was nationally
known for his interest in social
welfare and community service,
in relationship to juvenile educa-
tion and recreation. He was Scout
executive for the Brooklyn coun-
cil, chairman of the Boy's Work
Section of the New York City
Welfare Council, and on the
Board of Directors of the Chil-
dren's Aid Society. He was ap-
pointed to his present position by
John D. Rockefeller, Jr., honorary
chairman of the USO board of
trustees.

During the last war, Dr. Kim-
ball commanded a U. S. Navy
submarine chaser squadron. Fol-
lowing his tour of the West Coast,
he is expected to return to New
York for immediate conference
with National USO officials.

Thought-Provoking
Address Is Heard
By Village Rotary

"Whither the White Race?"
was the topic for a thought-pro-
voking address Wednesday noon
before Palm Springs Rotarians by
Joseph Burroughs of Oakland.
The speaker pointed out that at
present the ratio of births over
deaths in the white race was
steadily decreasing while among
the brown races the ratio was
steadily climbing.

"While the numbers of the
white race were decreasing 15
millions, the brown race increas-
ed 50 millions," he said.

Dr. Henry S. Reid presided and
there were many visitors from
other cities at the meeting which
was held at the Desert Inn.

Music And Debate
On Education For
Lions of Village

A round table discussion on ed-
ucation with Dr. E. E. Oertel,
Palm Springs high principal and
Raymond Cree taking the side of
the Essentialists and F. F. Crocker
and Max Vaucher of the high
school staff on the side of the
Progressives, marked the meeting
of Palm Springs Lions yesterday
at the Desert Inn. Katherine Fin-
chy, Desert School district super-
intendent acted as moderator. In-
teresting views on both sides
were presented but lack of time
prevented completion of the dis-
cussion.

A pleasing feature of the lunch-
eon was a group of three numbers
by Alec Hammond, widely known
baritone, accompanied by his
wife at the piano. The numbers
were widely applauded. Spirited
community singing also marked
the enthusiastic meeting.

robes, will dedicate anew the
cross on the hillside. The Red-
lands University A Capella choir,
under direction of Prof. Erwin
Huff, will provide special music
and soloist will be Alvin Bru-
bacher of Corona.

Bill Hay, noted radio artist,
will give a special reading, ex-
tending his stay in Palm Springs
just to take part in the services.

TO RELEASE DOVES

One annual feature of the
Sunrise service, the release of
white doves, has been expanded
this year and there will be birds
from lofts extending from Fon-
tana to the Salton Sea.

"It will be an inspiring sight
to see these white winged cour-
iers dart off for home in many
different directions, guided only
by instinct," said Dr. Macartney.

Unusual attractive folders will
be distributed to the gathering.

EASTER MASSES

At Our Lady of Solitude, Cath-
olic church, there will be three
masses Easter morning, at 7, 9
and 11 o'clock. The Rev. C. Nor-
man Raley, pastor, will be assist-
ed by priests from army estab-
lishments and visiting Fathers.
High Mass will be celebrated at
11 a. m.

At St. Paul's in the Desert,
Easter will climax a week of
services with services at 7, 8:30
and 11 a. m. and the annual chil-
dren's Easter festival at 4:30 p. m.

GOOD FRIDAY SERVICES

Today at Our Lady of Solitude,
Good Friday services were mark-
ed by the singing of Dubois
"Seven Last Words" by a selected
choir during the three-hour wor-
ship. The Rev. Matthew J.
Thompson preached at these
services.

At St. Paul's in the Desert,
Good Friday was observed from
today from 12 noon to 3 p. m.,
with meditations on "Via Do-
lorosa" marking the services.

the mobile X-ray will be here
April 14 under auspices of the

The equipment used is similar
to that used by the army in giv-

dent of the Riverside association,
said the army is taking no
chances with tuberculosis and
"neither should we."

Confidential reports will be
